Dear **Dr. Jishan (Coral) Jiang**

I hope this message finds you well. I am writing to extend a warm invitation for you to visit the University of California, Riverside (UCR) to engage in various collaborative activities and discussions.

During your visit, we aim to:

Discuss ongoing and future collaborative projects.

Participate in the revision of manuscripts.

Deliver talks or presentations on relevant research topics.

Explore opportunities for future collaboration and joint initiatives.

To ensure sufficient time for productive discussions and interactions, I propose scheduling your visit from June 27th to July 5th.

Your expertise and insights would be invaluable to our research endeavors, and I am confident that your visit will greatly contribute to our mutual goals.

Please let me know if these dates work for you, and if there are any specific arrangements or accommodations you require during your stay. I look forward to your positive response and the opportunity to collaborate closely during your visit to UCR.

Warm regards,

A handwritten signature in black ink, appearing to read 'K Dehesh'.
